Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of New Directions Housing Corporation (a non-profit organization) and Subsidiaries (collectively the "Organization"), which comprise the consolidated statements of financial position as of June 30, 2022 and 2021, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Organization as of June 30, 2022 and 2021, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization’s ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (Continued)

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information on pages 28-35 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. The accompanying schedule of expenditures of federal awards on page 36, as required by the audit requirements of Title 2 United States Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), is also presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2022, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The accompanying consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative accounting technical literature.

2. Consolidated Financial Statements: The consolidated financial statements include the accounts of New Directions Housing Corporation and its subsidiaries. In accordance with ASC Topic 958: *Not-for-Profit Entities*, the Organization consolidates the following non-profit entities as they are controlled by the Organization through majority voting interests and continuing economic interests.

    - St. Benedict Center for Early Childhood Education, Inc. ("St. Benedict Center")
    - New Vision Residential Services, Inc. dba Clifton Court Apartments
    - St. John Gardens, Inc.

    New Directions is the sole member of New Directions Housing Development, LLC, a Kentucky limited liability company. New Directions Housing Development, LLC owns 99% interests in Directions Apartments, LLC, Russell Apartments, LLC, and Shawnee Apartments, LLC, all Kentucky limited liability companies. New Directions owns 1% interests in each limited liability company (see Note M). The financial statements of Directions Apartments, LLC, Russell Apartments, LLC, and Shawnee Apartments, LLC are consolidated by the Organization.

    All significant inter-company accounts and transactions have been eliminated in consolidation.

3. Use of Estimates: The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Note B - Summary of Significant Accounting Policies (Continued)

4. Subsequent Events: Subsequent events for the Organization have been considered through the date of the Independent Auditor's Report which represents the date the accompanying consolidated financial statements were available to be issued. See Notes G, H, and Q.

5. Donor-imposed Restrictions: The Organization records and reports its assets, liabilities, net assets, revenues, gains and losses, and other support based on the existence or absence of donor-imposed restrictions. The Organization reports information regarding its financial position and activities according to the following two classes of net assets:

   - Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors. From time to time the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion.
   - Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds must be maintained in perpetuity.

6. Cash, Cash Equivalents, and Restricted Cash: The Organization considers all highly liquid investments with maturities when purchased of three months or less that are not designated for a special purpose, to be cash equivalents.

   The Organization maintains its cash and cash equivalents at a number of financial institutions. The Organization typically maintains balances in excess of federally insured limits.

7. Accounts Receivable: Accounts receivable consist primarily of charges for tenant rent and management fees. Amounts are considered past due based upon contract or invoice terms. Past due receivables are written-off and charged to operations in the period the balances are deemed to be uncollectible after reasonable collection efforts (generally, with respect to rent, 120 days after a tenant vacates). At June 30, 2022, the estimated allowance for uncollectible receivables totals approximately $226,000. At June 30, 2021, there is no allowance for uncollectible receivables as management considered all amounts to be fully collectible as of June 30, 2021.

8. Contributions and Grants Receivable: Contributions and grants receivable are recognized in the year the respective unconditional promise to give is made. Conditional promises to give, that is, those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Contributions and grants receivable are expected to be collected within one year and are recorded at net realizable value. No allowance for uncollectible contributions and grants receivable is reflected in the accompanying consolidated financial statements as management considers all such receivables to be fully collectible as of year-end.

9. Property and Equipment: Rental property, including land, buildings, and improvements, are carried at cost or estimated fair value at the date of acquisition, less accumulated depreciation, which is calculated using the straight-line method. The estimated useful lives for the properties range from 27.5 to 40 years for buildings and 5 to 15 years for improvements. Expenditures for ordinary maintenance and repairs are expensed as incurred. Permanent improvements made to increase the value of the property or substantially prolong its life are capitalized and depreciated over the estimated useful lives as determined by management.

Note B - Summary of Significant Accounting Policies (Continued)

9. Property and Equipment (Continued): Office furniture and equipment are carried at cost, or estimated fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of $1,000. The provision for depreciation is computed using the straight-line method over the estimated useful lives of the assets. The estimated useful lives are 3 years for computer and office equipment and 7 years for office furniture.

10. Impairment of Long-lived Assets: The Organization records impairment losses on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the expected cash flows to be generated by those assets are less than the related carrying amounts. The Organization evaluated its real estate developments and rental property for impairment, and there was no impairment noted for the years ended June 30, 2022 and 2021.

11. Revenue Recognition: The Organization earns revenue from rental income from wholly-owned properties; fees for property management and property development services; developing and selling wholly-owned single-family homes; service coordination and child development supportive services; and contributions and grants from private sources.

    Rental units are generally leased under operating leases with terms of 12 months. Rental income is recognized according to the terms of the underlying leases and approximates revenue recognition evenly over the lease term. Payments received in advance of providing services, which typically consist of property rental services, are classified as deferred revenue. Such deferred revenue is recognized as revenue when related services are provided. Such deferred revenue totals $197,879 and $200,045 as of June 30, 2022 and 2021, respectively.

    The Organization provides property management services to multi-family housing projects that are not wholly-owned by the Organization. The Organization invoices and recognizes revenue for costs incurred to manage these projects and for management fees representing overhead and profit. Each customer signs a management agreement which specifies the services to be provided by the Organization. These services primarily relate to managing the asset by providing housing to residents and maintaining housing during the life of the management agreement. The management agreements do not last longer than 12 months, but do renew automatically unless terminated by either party by giving notice. The management fee is documented in the management agreement and is a percentage of monthly rents. The performance obligations within the management agreements are bundled as none are separately distinct from the property management services provided, therefore management fees are recognized over time (i.e. revenue is recognized monthly when billed). Both parties can terminate the agreement by giving notice and revenue earned through the termination date is to be paid.

    Occasionally, the Organization sells single-family homes primarily to buyers intending on being owner/occupants that participate in the Organization’s homeownership programs. Houses are sold after being renovated and upgraded by the Organization. Revenues from selling single-family homes (and/or lots developed for sale) are recognized upon closing on the sale and transferring the deed. The capitalized costs of land, buildings, and improvements are recognized as expense when the related home sale revenue is recognized. Each home buyer signs a purchase contract specifying the transfer of title to the homeowner as the performance obligation. The transaction price is documented in the purchase agreement. The Organization’s sole performance obligation is the successful transfer of title to the homebuyer. Accordingly, revenue is recognized at a point in time at the sale closing.

Note B - Summary of Significant Accounting Policies (Continued)

11. Revenue Recognition (Continued): The following are the major sources of revenue which are considered third party reimbursement arrangements:

    - Rent Supplements: Under a Housing Assistance Program contract, the Organization receives rent supplements from the U.S. Department of Housing and Urban Development ("HUD") for tenants residing in low income housing units. These contracts are annual contracts unique to each low income complex. These units are regulated by HUD with respect to rental charges and operating methods. Such rent supplements total $4,299,472 and $4,638,258 for the years ended June 30, 2022 and 2021, respectively.
    - Neighborhood Stabilization Program ("NSP"): Under contracts with the City of New Albany, Indiana, a sub-grantee to the Indiana Housing and Community Development Authority, and Louisville/Jefferson County Metro Government, the Organization has undertaken significant community stabilization activities using HUD NSP-1 funds to acquire, develop, or rehabilitate vacant and abandoned single-family housing in focus neighborhoods. Upon project completion, high quality affordable homes will be marketed to qualified buyers, who will be encouraged to secure extensive housing counseling preparation. Reimbursable costs include acquisition, construction, developer fees, home ownership counseling, and program delivery fees.

12. Contributions Other than Cash: Contributions other than cash are recorded in the consolidated financial statements at their estimated fair value. The Organization has notes payable with below-market interest rates. For the years ended June 30, 2022 and 2021, imputed interest related to below-market notes payable totals $78,102 and $5,034, respectively, and is included in contributions and grants revenue per the accompanying consolidated statements of activities and changes in net assets.

13. Donated Services: Throughout a given year, volunteers may give a significant amount of their time and/or perform a variety of tasks to support the operations of the Organization. Donated services are recognized as revenue if the services create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would otherwise be purchased if not provided by donation. Donated services that do not meet the above criteria are not recognized as revenue and are thus not reported in the accompanying consolidated financial statements.

14. Income Taxes: The Organization has received a determination letter from the Internal Revenue Service indicating that it is exempt from income taxes under Internal Revenue Code Section 501(c)(3) and is classified as an organization that is not a private foundation. Accordingly, no provision for income taxes is included in the accompanying consolidated financial statements.

    The Organization recognizes uncertain income tax positions using the "more-likely-than-not" approach as defined in the ASC. No liability for uncertain tax positions has been recorded in the accompanying consolidated financial statements.

15. Advertising Costs: The Organization expenses advertising costs as incurred. Such costs total $3,344 and $10,192 for the years ended June 30, 2022 and 2021, respectively.

Note B - Summary of Significant Accounting Policies (Continued)

16. Functional Allocation of Expenses: The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statement of activities and changes in net assets. The consolidated statement of functional expenses presents expenses by function and natural classification. Expenses directly attributable to a specific functional area of the Organization are reported as expenses of these functional areas while indirect costs that benefit multiple functional areas have been allocated among the various functional areas based on management's estimates. Accordingly, [1] salaries and wages, payroll taxes, and employee benefits have been allocated by function based on an estimate of time and effort, [2] indirect property management and maintenance expenses have been allocated based on an estimate of time and effort and the number of residential units served, and [3] facility and technology expenses have been allocated by function based on occupied square footage of the functional areas.

17. Recently Issued Accounting Pronouncements: In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Non-financial Assets*. The standard requires contributed non-financial assets to be shown separate from contributions of cash and other financial assets and provides for qualitative disclosures regarding valuation techniques and categories of contributed non-financial assets and their use. The Organization adopted the provisions of ASU 2020-07 as of and for the year ended June 30, 2022 with no material impact on the consolidated financial statements.

    In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The standard requires all leases with lease terms over twelve months to be capitalized as a right-of-use asset and lease liability on the statement of financial position at the date of lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the statement of activities and changes in net assets. This standard will be effective for the fiscal year ending June 30, 2023. The Organization has begun its evaluation of the impact of the adoption of ASU 2016-02 and does not currently anticipate a material impact to the consolidated financial statements upon adoption.

    In June 2016, the FASB issued ASU 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the statement of activities and changes in net assets will reflect the measurement of credit losses for newly-recognized financial assets, as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for the fiscal year ending June 30, 2024. The Organization is in the process of evaluating the impact of the adoption of ASU 2016-13 on the consolidated financial statements.

18. Reclassifications: Certain amounts presented in the 2021 consolidated financial statements have been reclassified to conform to the 2022 presentation. There have been no changes to the 2021 increase in net assets or total net assets as of June 30, 2021 as a result of these reclassifications.

Note C - Liquidity and Availability of Resources

The Organization regularly monitors liquidity required to meet its operating needs, capital improvements, and financing obligations. The Organization has various sources of liquidity at its disposal, including cash and cash equivalents, receivables, and bank lines of credit. The Organization maintains lines of credit with three lenders that may be drawn upon as needed during the year to manage cash flows. Lines of credit are also used by the organization for special projects prior to establishing long-term financing. See Note I.

For purposes of analyzing resources available to meet general expenditures over a twelve-month period, the Organization considers all expenditures and debt service related to its on-going activities of property management and multi-family housing operations, as well as the supportive and administrative services undertaken to support the Organization's primary revenue-generating activities and associated general expenditures. The Organization does not have any Board of Director designations impacting its financial assets available for general expenditure over the next twelve months. The Organization does have certain donor-imposed restrictions on its financial assets.

In addition to financial assets available to meet general expenditures over the next twelve months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are as follows at June 30, 2022 and 2021:

	2022	2021

As of June 30, 2022 and 2021, cash and cash equivalents includes a total of $439,032 and $577,071, respectively, that is comprised of operating cash accounts of properties that are regulated by HUD. These funds are considered unrestricted at the entity-level provided they are used only for the operating expenses.

Note D - Restricted Cash

The Organization maintains an escrow account for security deposits received from tenants. The cash is restricted for reimbursements of security deposits unless there is evidence of default by the tenant under the lease agreement. As of June 30, 2022 and 2021, the total refundable security deposit liability of $109,364 and $115,076, respectively, was properly funded. The liability for refundable security deposits is classified separately on the consolidated statements of financial position.

The Organization is required to make monthly deposits to various reserve for replacement cash accounts. The funds in the replacement reserves are restricted for substantial repairs, capital expenditures, and/or replacement of capital assets. The replacement reserve accounts are funded in accordance with operating or financing agreements, as applicable.

The Organization is required to make monthly deposits into various mortgage escrow accounts, as determined by applicable financing agreements. The cash in mortgage escrow accounts is restricted for payment of the next installment of real estate taxes and/or insurance premiums for the underlying property.

The Organization has various other deposits and reserve cash accounts, which are specifically restricted for operating reserves, pledges, and other regulatory reasons as determined by operating and financing agreements.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the consolidated statements of financial position as of June 30, 2022 and 2021 that sums to the total of the same such amounts shown in the consolidated statements of cash flows for the years ended June 30, 2022 and 2021:

Total cash, cash equivalents, and restricted cash per the consolidated statements of cash flows	$ 5,285,954	$ 6,358,334

Note E - Notes Receivable

The Organization provides other limited partnerships owning multi-family housing developments with below-market interest loans to cover renovations and improvements for which no other funding for affordable housing projects is readily available. Notes receivable generally bear interest at interest rates ranging from 1.00% to 5.00%. The Organization considers these notes receivable to be fully collectible based upon the underlying value of the properties that were funded. Accordingly, no related allowance for uncollectible notes receivable is reflected in the accompanying consolidated financial statements. Under the note agreements, the Organization would be repaid from net cash flow arising from a sale of the property or a refinancing of debt as these notes are subordinate to existing liens with institutional lenders or local agencies.

The estimated fair values of the notes receivable represent the outstanding principal balances under the terms of the respective note agreements, plus the unpaid interest accrued thereon. Interest income is recognized over the terms of the notes receivable as calculated on the outstanding principal balances. At June 30, 2022 and 2021, notes receivable consist of the following:

Community Housing Capital
On June 3, 2019, the Organization restructured its existing loan agreement with Community Housing Capital, Inc. to increase the loan amount to provide funding for the cost of replacing historical windows and the permanent financing of Brandeis Apartments. Management has no reason to believe the lesser alternate interest rate will not otherwise continue through the June 3, 2029 maturity date of the loan. Principal payments were not required until the full $1,000,000 had been drawn upon. Until that time, the agreement required monthly interest only payments. The remaining $51,983 of the $1,000,000 was funded in August 2020. Accordingly, monthly principal and interest payments of $5,716 began in October 2020. The loan is collateralized by the Brandeis Apartments property. Note I - Paycheck Protection Program Loan

As a result of the initial uncertainty surrounding the novel coronavirus disease 2019 ("COVID-19") pandemic, in May 2020, New Directions and St. Benedict Center received a consolidated Paycheck Protection Program ("PPP") loan under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act totaling $779,077. The loan bore interest at 1.00%, was uncollateralized/unsecured, and was for a term of two years with a maturity date of May 2022. Under the CARES Act, subject to limitations, as defined, the loan was subject to be partially or fully forgiven depending on actual payroll and other qualified costs for a specified period following receipt of the loan proceeds.

New Directions and St. Benedict Center accounted for the loan proceeds ($678,691 and $100,386, respectively) as a financial liability (debt) in accordance with ASC Topic 470, *Debt*. As such, New Directions and St. Benedict Center recorded the proceeds from the loan as a financial liability until [1] the loan was partially or fully forgiven and New Directions and St. Benedict Center was legally released by the U.S. Small Business Administration ("SBA") or [2] New Directions and St. Benedict Center paid-off the loan. During the year ended June 30, 2021, the loan was fully forgiven and New Directions and St. Benedict Center was legally released by the SBA. New Directions and St. Benedict Center has thus recognized the $779,077 of PPP loan proceeds as revenue (non-operating in nature Paycheck Protection Program loan forgiveness income) per the accompanying consolidated statement of activities and changes in net assets for the year ended June 30, 2021. In accordance with the related PPP loan guidelines, for a period of up to six years after the loan is partially or fully forgiven and the borrower has been legally released, the SBA reserves the right to audit any PPP loan.

Retirement plan expense for the years ended June 30, 2022 and 2021 is $40,302 and $47,943, respectively.

Note L - Net Investment Capital (Deficit) Position in Unconsolidated Entities

The Organization accounts for all investments in limited liability entities using the equity method of accounting. In accordance with the ASC, general partners should account for investments in limited liability entities under the equity method of accounting when the presumption of control of the general partners is overcome by the rights of the limited partners. Various affiliates of the Organization are the general partner in each limited partnership, and some have received cash distributions from certain of these limited liability entities. Such distributions in conjunction with operating losses could create a temporary capital deficit position in these partnerships as the distributions or operating losses could be in excess of the capital contributed by the affiliate and its share of the accumulated income from these partnerships. Under the partnership agreements, the affiliates are required to restore any capital deficits at the dissolution of the partnerships. The Organization anticipates that any such capital deficits in these partnerships will be restored through future income allocations from the partnerships.

Capital surplus (deficit) positions in developments held by affiliates of the Organization as of June 30, 2022 and 2021 consist of the following:

	Ownership interest	Capital (deficit) amount 2022	Capital (deficit) amount 2021
Woodbourne House Apartments, LLLP	0.05%	$ 454	$ 491
Shawnee Renaissance Apartments, LLLP	0.01%	10	10
St. William Apartments, LLLP	0.01%	(1,063)	(922)
Jackson Woods Apartments, LLLP	0.01%	(86,092)	(86,079)
		$ (86,691)	$ (86,500)

Effective January 1, 2021, the Organization exited as the general partner of Wellspring Tonini Apartments 1, LLLP. The associated recognition of the divestment is included within other activities per the accompanying consolidated statement of activities and changes in net assets for the year ended June 30, 2021.

For the years ended June 30, 2022 and 2021, total revenues of $425,690 and $464,244, respectively, were derived from services provided to entities in which the Organization is or was the general partner and were recognized within property management and incentive fees revenue per the accompanying consolidated statements of activities and changes in net assets. These services represent property management fees, incentive performance fees, cost reimbursements, and accounting. At June 30, 2022 and 2021, accounts receivable includes $109,134 and $72,271, respectively, due from these entities.

Note M - Investment in Subsidiaries - Broadstreet Properties

During 2003, the Organization acquired the "Broadstreet Properties" (collectively Directions Apartments, LLC, Russell Apartments, LLC, and Shawnee Apartments, LLC), through a mortgage restructuring agreement (see Note H). Since the acquisition, the Organization has been a 99% member in each of these limited liability companies through its wholly-owned, single member limited liability company, New Directions Housing Development, LLC. Effective June 30, 2020, the Organization acquired the remaining 1% interest in each of the "Broadstreet Properties" limited liability companies for consideration of $1,000 per transaction. The consolidated financial statements reflect this 100% ownership interest in the accounts of Directions Apartments, LLC, Russell Apartments, LLC, and Shawnee Apartments, LLC as of and for the years ended June 30, 2022 and 2021, with the Organization's investment in these entities eliminating in consolidation.

Note N - Guarantor Agreements

Certain affiliates of the Organization are the general partner in various limited partnerships for the purpose of purchasing, rehabilitating, and operating low income housing in the state of Kentucky. As general partner, these affiliates are obligated to lend amounts as necessary for the partnerships' business and to avoid any cash flow deficits from the partnerships' operations.

The Organization is the general partner of Shawnee Renaissance Apartments, LLLP ("Shawnee Renaissance"), a Kentucky limited liability limited partnership formed to acquire, develop, own, and operate a multi-family rental apartments project in Louisville, Kentucky. The Organization has specifically guaranteed the limited partner's capital contributions in anticipation of Shawnee Renaissance closing the related tax exempt bonds transaction and, by the issuance of such bonds, automatically receiving an allocation of the low income housing tax credits pursuant to Internal Revenue Code Section 42 and in accordance with the terms set forth in the Shawnee Renaissance partnership agreement (see Note Q). In the event that Shawnee Renaissance does not receive the tax credits allocation in accordance with the terms of the partnership agreement (see Note Q), the Organization would be obligated to redeem the limited partner's interest in Shawnee Renaissance, including repayment of all capital contributions made by the limited partner to Shawnee Renaissance. As of June 30, 2022, the investor limited partner's capital contributions to Shawnee Renaissance total $838,623.

In addition to the guarantees of the general partners' obligations to the limited partnerships, the Organization also specifically guarantees the loan payable by Brandeis Partners, Ltd. to Community Housing Capital, Inc., which has a balance as of June 30, 2022 and 2021 of $976,183 and $990,077, respectively (see Note H).

Note O - Related Party Revolving Line of Credit

In May 2021, New Directions, as the borrower, and St. Benedict Center, as the lender, entered into a non-interest bearing $250,000 revolving line of credit promissory note. The uncollateralized/unsecured line of credit has a May 2025 maturity date. No borrowings are outstanding under the line of credit as of June 30, 2022 and 2021, nor did New Directions borrow under the line of credit during the years ended June 30, 2022 and 2021. As applicable, any balance under the line of credit would eliminate in consolidation.

Note P - Contingencies and Concentrations

Reimbursement claims under federal and/or state programs are subject to audit and adjustment by the respective grantor agencies. Any disallowed claims might become a liability of the Organization. Management is not aware of any communications from grantor agencies regarding the lack of compliance with requirements that could result in such a liability.

The Organization invests in limited partnership entities utilizing the low income housing tax credit ("LIHTC"). The benefits realized by taking the LIHTC are contingent on the Organization's ability to maintain compliance with applicable sections of Internal Revenue Code Section 42. Failure to maintain compliance with occupant eligibility and/or unit gross rent or to correct non-compliance within a specified time period could result in the recapture of previously taken tax credits plus interest. In addition, such potential non-compliance may require an adjustment to the contributed capital account of the limited partner.

The Organization, as an owner of real estate, is subject to various environmental laws of federal, state, and local governments. The Organization's compliance with existing laws has not had a material adverse effect on the Organization's financial condition or results of operations.

Note P - Contingencies and Concentrations (Continued)

The Organization's operations are concentrated in the multi-family real estate market. In addition, the Organization operates in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules, and regulations of federal, state, and local regulatory agencies, including, but not limited to HUD. Such administrative directives, rules, and regulations are subject to change by an act of congress or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

Note Q - Subsequent Events

In October 2022, the Organization entered into a revolving pre-development line of credit agreement with NeighborWorks Capital Corporation with maximum available borrowings of up to $1,500,000. Interest accrues and is paid monthly at a fixed interest rate of 5.20%. The outstanding principal amount, and the unpaid interest accrued thereon, is due at maturity (November 2026). The line of credit is uncollateralized/unsecured. On a quarterly basis, the Organization must maintain a specific current ratio, as well as a defined amount of cash/cash equivalents.

In November 2022, New Directions closed on the financing for a 177-unit redevelopment project related to Shawnee Apartments. Financing sources include Kentucky Housing Corporation ("KHC") with respect to the tax-exempt bonds and the 4% LIHTC and KHC’s Affordable Housing Trust Fund, as well as the tax credit investor, PNC Bank, National Association ("PNC"), the Louisville Metro Affordable Housing Trust Fund, and the project’s two conventional lenders, Cedar Rapids Bank & Trust Company and HOPE of Kentucky, LLC. The renovations will take place over the next 24 months and the construction loan will convert to a permanent loan 36 months from the closing.

The financing involved the sale of the project from Shawnee Apartments, LLC to Shawnee Renaissance Apartments, LLLP, the entity that was previously created to take advantage of the LIHTC allocated to the project (see Note N). Shawnee Apartments, LLC received $2,054,013 of net proceeds from the sale of the project. Shawnee Renaissance GP, LLC, a Kentucky limited liability company whose sole member is New Directions, is the general partner owning a 0.01% interest in Shawnee Renaissance Apartments, LLLP. PNC is the investor limited partner owning a 99.99% limited partnership interest in Shawnee Renaissance Apartments, LLLP.

At closing, New Directions received its first installment of the related acquisition and developer fee in the amount of $193,729.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Board of Directors
New Directions Housing Corporation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of New Directions Housing Corporation and Subsidiaries (collectively the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated November 14, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance in Accordance With the Uniform Guidance

Board of Directors
New Directions Housing Corporation

Report on Compliance for Each Major Federal Program

We have audited New Directions Housing Corporation and Subsidiaries' (collectively the "Organization") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2022. The Organization's major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 United States Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance in Accordance With the Uniform Guidance (Continued)

Auditor's Responsibilities for the Audit of Compliance (Continued)

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
